

Dutch trade union actions for VET Teachers and Trainers

Implementing the European Alliance for Apprenticeship

Jetske van Woerden
AoB, the Netherlands

AoB

will step up promotion of the following via publications, meetings and events among VET teachers and trainers

- To ensure quality apprenticeship places in the enterprises
- To get in contact with enterprises to provide apprenticeship places
- To improve quality teaching and apprenticeship training in VET
- To promote mobility for apprentices and VET students to spend periods abroad.

more specifically

- Strengthen the validation of the quality of WBL (work based learning)
- Campaign towards more quality, accessible and fair apprenticeships
- Bridge the differences between the countries regarding the quality of apprenticeships and WBL
- Stimulate doing apprenticeships in another country

The AOB advocates for:

- A European system to check the quality of apprenticeships and traineeships
- A set of minimum requirements for companies, and for company tutors
- Support to companies and tutors
- A curriculum for the training of company tutors
- Additional training and information for European countries, to help to increase the quality of WBL

The AOB considers good quality WBL extremely important for

- the European economy,
- A low level of youth unemployment
- maintaining good quality of VET
- Inclusion of ethnic minorities (or majorities in our cities) in our economy, availability of VET for all

The Dutch government

- Stimulates companies to provide more placement opportunities with additional budget
- An ambassador for Youth Employment, the aim is 10.00 extra places.
- A technology pact investment fund and scholarships
